SUMMARY

Full-Stack Web Developer leveraging 5+ years of experience in graphic design to build a unique user experience on web applications. Recently earned a certificate in Full Stack Web Development from the University of Pennsylvania. Versatile problem solver with strong organizational skills, whose determination and patience leads to impactful results. Enjoys creating applications within a team setting that have strong UI's that are easy-to-use and intuitive. Looking forward to contributing strengths in creativity, branding, and communication from graphic design experience.

TECHNICAL SKILLS

Languages: HTML, CSS, Javascript, jQuery, Nodejs, ExpressJS, MySQL, MongoDB, Bootstrap, Reactjs

Applications: Microsoft Visual Code, Adobe Illustrator, Adobe Photoshop, Adobe AfterEffects, Github

PROJECTS

Sarge

Github: <https://github.com/kmj217/Project3> | **Deployed:** <https://guarded-oasis-99226.herokuapp.com/>

- React-based web application with a mongoDB database that allows powerlifters to easily track new personal records.
- Utilized react-bootstrap for front-end development. Wired the front-end to the back-end routes for database communication.
- Tools: ReactJS, React Router, NodeJS/ExpressJS, MongoDB/Mongoose, React Bootstrap, BCryptJS, PassportJS, PassportJWT, MomentJS, html, css, javascript

PokeCatch

Github: <https://github.com/jsf5077/PokeCatch> | **Deployed:** <https://jsf5077.github.io/PokeCatch/>

- A React-based memorization game. The buttons are created with props and state tracks selections and scores. Pick each Pokemon only once to win. Repeats will result in a loss tally.
- Demonstrates the ability to create a react-web application that utilizes props and state.
- Tools: ReactJS, HTML, CSS, Javascript

The Burger Joint

Github: <https://github.com/jsf5077/burger> | **Deployed:** <https://guarded-eyrie-78345.herokuapp.com/>

- This application that allows you to create your own burger and then eat it. Feel free to eat or remake any burger already on the menu.
- Demonstrates the ability to create a proper Model-View-Controller Pattern. Also demonstrates an ORM framework for the SQL database.
- Tools: HTML, CSS, MySQL, Node, Express, Heroku, JawsDB

EXPERIENCE

Graphic Designer 2014 – Present

Signarama

Willow Grove, PA

Designed and manufactured daily in a small, high-end sign graphics business. Demonstrated Critical thinking for complex projects. Developed strong communication skills while working directly with customers on projects to meet their expectations.

Key Accomplishments:

- Designed and manufactured +2000 graphic design projects (vehicle graphics, business cards, channel letters, yard signs, and more)
- Developed better shop practices that increased productivity and decreased waste on shop materials.

EDUCATION

Bootcamp Certificate: The University of Pennsylvania, Philadelphia, PA

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.

Bachelors of Arts in Art - Focus in New Media: The Pennsylvania State University, State College, PA

Comprehensive liberal education coupled with professional resident instruction in art. Skillsets learned with the focus of New Media included, but not limited to digital photo-editing, photography, video-editing, 3D animation, 3D printing.
